Building your Bioscience Career with BioOhio

BioOhio is a non-profit organization, founded in 1987, that connects and serves Ohio's bioscience community to drive success in improving global quality of life by providing member-guided services that include networking, advocacy, events, talent, information, and cost savings. BioOhio represents over 300 members that employ over 100,000 Ohioans – from Ohio's largest employers to emerging start-ups, schools & universities, research institutions, students, and individuals. BioOhio is the state affiliate for global bioscience associations AdvaMed, BIO, MDMA, and PhRMA. Learn more at BioOhio.com.

Columbus, OH (614) 675-3686 | BioOhio.com | [@BioOhio](https://twitter.com/BioOhio) | [Linkedin.com/company/bioohio](https://www.linkedin.com/company/bioohio)

Exhibitors

Abeona Therapeutics | Cleveland

AbeonaTherapeutics.com

Abeona Therapeutics Inc. is a clinical-stage biopharmaceutical company focused on developing novel therapies for life-threatening rare genetic diseases. Developing therapies for rare disease requires new approaches and strong collaboration between researchers, industry, regulators and patient groups. Abeona was forged from the company's close collaborations with key stakeholders all dedicated to transforming new biotechnology insights into breakthrough treatments for rare diseases.

Quality Engineer

Associate Engineer (1-3 years) – Mechanical, EE, Biomedical, or Software

Senior Engineer – Medical Device Product Development (5-10 years)

Regulatory and Quality Specialist

Nationwide Children's Hospital | Columbus

NationwideChildrens.org

The Abigail Wexner Research Institute aggressively supports the discovery of new knowledge and its translation into novel therapeutics and diagnostic tests to advance pediatric research. Unprecedented investment and inspired leadership have paved the way for tremendous progress. The impact on children who previously had little hope has been truly remarkable.

Our investigators traverse the spectrum of pediatric research from discovery science to population health with the common goal of improving the health and quality of life for children and their families. We recruit and train some of the brightest and most innovative researchers and clinician-scientists in pediatrics. Our researchers' dedication and commitment enable them to work together to accomplish more than could be imagined independently.

Here, discovery, translation and team science aren't just ideals. They are our foundation as we seek answers on behalf of children everywhere.

Visit the Nationwide Children's Hospital booth to learn about their open positions.

Oakwood Labs | Cleveland

OakwoodLabs.com

Oakwood Labs, headquartered in Cleveland, OH, is an emerging, technology-based specialty pharmaceutical company focused on hard-to-develop generic and quasi-generic, sustained-release and small molecule injectables, as well as contract manufacturing.
